

BOY SCOUTS OF AMERICA

Nutrition

Requirements

Tiger Cubs, Cub Scouts, and Webelos Scouts may complete requirements in a family, den, pack, school, or community environment. Tiger Cubs must work with their parents or adult partners. Parents and partners do not earn loops or pins.

Belt Loop

Complete these three requirements:

1. Make a poster of foods that are good for you. Share the poster with your den.
2. Explain the difference between a fruit and a vegetable. Eat one of each.
3. Help prepare and eat a healthy meal of foods that are included in a food pyramid. (With your parent's or adult partner's permission, see <http://www.mypyramid.gov>.)

Academics Pin

Earn the Nutrition belt loop and complete five of the following requirements:

1. Make a poster that shows different foods that are high in each of the vitamins. Using your poster, explain to your den or family the difference between a vitamin and a mineral and the importance of each for a healthy diet.
2. Read the nutrition label from a packaged or canned food item. Learn about the importance of the nutrients listed. Explain what you learned to your den or family.
3. Make a list of diseases that can be caused by a diet that is poor in nutrition.
4. Talk with your school cafeteria manager about the role nutrition plays in the meals your school serves.
5. With an adult, plan a balanced menu of breakfasts, lunches, and dinners for your family for a week.
6. Make a list of healthy snack foods. Demonstrate how to prepare two healthy snacks.
7. With an adult, go grocery shopping. Report to your den or other family members what you learned about choosing good foods to eat.

Eating a balanced diet means eating foods that are good for you and that give your body the vitamins and other nutrients it needs to stay healthy.
